

November 8, 2016

Dear: *Stephane,*

*Thank you so much
for sponsoring the
timing company.
Feedback has been amazing
Tammy ☺*

The Best Western Pembroke Inn's 4th annual Zombie Thrill Run 2016 was a great day, with more zombies, more participants and if it's possible even more fun! Our goal was to raise \$25,000. Thanks to your caring and support, we raised very close to our goal for Carefor's new mental health wing. ***Thanks for making our event such a great success!***

Mental illness is a leading cause of disability in Canada. People with mental illness and addictions are more likely to die prematurely as compared to the general population. The wing located in the Carefor building on Mackay Street will offer a safe haven for people suffering from mental health issues, drug or alcohol addictions and provide access to health care and mental health professionals, counseling and treatment therapy in an effort to promote quality of life, health, independence and recovery.

Once again we thank you for supporting us.

Sincerely,

Tammy Blackmore
